HOSPITAL BOARD RENEWS PLEA FOR GOVERNMENT AID

The joining of the Washington Township and Eden Township hospital districts into one for the purpose of establishing a hospital for the whole area meets with disapproval of both district boards. This circumstance was pointed out Monday in a letter by the directors of the Washington Township Hospital District to the State Department of Public Health.

The state department has suggested that the two districts, both of which have applied for federal and state aid for hospital construction, consider annexation to each other so that only one hospital be constructed.

Last month Leslie Williams, president of the Eden district, told the local board that plans in his district call for erection of a hospital in the Ashland area, and that this plan would not be altered should the two districts join.

President L. S. Whitaker of the Washington Township district pointed out in Tuesday's letter that a hospital at that location would be of very little service to Washington Township patients and doctors, due to distance and traffic conditions.

Furthermore, the hospital planned, of 110-bed size, would be inadequate for the Eden district alone. The Washington Township board has applied for aid for a 50-bed hospital.

Public opinion, Whitaker stated, apparently does not favor annexation of the two districts.

The letter concludes:

"We are very glad of the opportunity which has made it necessary for us to go into the situation as thoroughly as we have, for we are now more convinced than ever that Washington Township needs a 50-bed hospital situated within the township to take care of our immediate pressing needs, and again we stress our plea that your board favorably consider our application for the Federal and State assistance that is necessary to make this project possible."

U. C. DEAN URGES BETTER LAND USAGE

Better use of government land holdings in the west probably is the most important livestock and land management problem in the 11 western states, according to Dr. George H. Hart of the University of California College of Agriculture.

The federal government, Dean Hart says, owns 40 to 70 per cent of the land in the western states, through forestry, public domain, national parks and monuments, Indian allotments and other ways.

The need is great for management of these lands to make them more productive for domestic animals and wildlife. Particularly urgent are such matters as the study of brush burning and removal of noxious plants.

REBER PLAN STUDY GETS STATE FUNDS

An Assembly committee to study the southern crossing possibilities of San Francisco Bay was granted $45,000 Tuesday, according to news released from Sacramento. The committee is headed by Assemblyman Richard Dolwig of San Mateo.

The funds are needed, Dolwig said, because the committee has been instructed to investigate the Reber Plan and will have to secure water specialists.

The bridge question is small in comparison with the Reber Plan, he told the Assembly, and even more money may be needed later. Resolution authorizing the funds was passed by a vote of 50 to 2.

COUNTY DISTRICT BILL AMENDED TO SATISFY DISPUTE

Four compromise amendments to the Alameda County Flood Control Bill (Assembly Bill No. 1431), proposed by the Alameda County Board of Supervisors to meet objections from city areas, this week had the approval of the Alameda County Land Development Committee, Oakland City Council, and the chambers of commerce of Hayward, San Leandro and Oakland.

The bill, similar to those adopted by eight other counties in California, provides for the creation of an Alameda County flood control and water conservation district, (the term district refers to the entire county, while the term zone refers to a specific area). Last week the State Assembly passed the proposed measure by a 66 to 9 vote.

The four amendments to the proposed legislation are:

1. Has the effect of placing the determination of whether or not the city or any portion thereof shall be included in any zone created for construction of any project entirely within the control of the city affected.

2. Has the effect of providing for reimbursement to the district by a zone, when established, of any district funds used for preliminary engineering surveys, studies, and expenses by the District as a whole in connection with the creation of any specified zone.

3. Reduces the tax or assessment limitation for administrative costs in connection with development of flood control and water conservation surveys from .05 (five cents) for each $100 assessed valuation to .02 (two cents).

4. Provides for the withdrawal from the Alameda County Flood Control and Water Conservation District by any city, upon the majority vote of the electorate of such city voting at any regular or special election.

REBER PLAN GROUP SEEKS SUPPORT

Further plans for asking a complete engineering study of the Reber Plan were made at a meeting on June 24 in Warm Springs by the executive committee of the Washington Township Chapter of the San Francisco Bay Project.

Attending the meeting were Bruce Michael, township chairman; Jack Prouty, Louis Amaral, Franklin Brown, John Stevenson, Charles Venturi and Tom Byrne, all district chairmen. Also present were Mrs. Tom Byrne, secretary; Rowen Henry, treasurer; Harvey Granger, co-chairman of the Decoto district; and Manuel Abreu of the Farm Bureau.

A fund of $100,000, to be raised with the help of similar Reber study groups in 24 other counties, was named as one of the goals of this chapter.

Support of pending state and national legislation for investigating the Reber Plan was to be asked in letters from each member to the various legislators.

The next meeting of the Washington Township chapter will be held at 8 p.m., July 6, in the Washington Union High School in Centerville. Committee members were asked to bring at least five interested supporters of the plan to the meeting.

Others who are interested in the possibilities of the Reber Plan are urged to attend.

ALAMEDA COUNTY'S QUEEN, selected Wednesday, her princesses and the members of the royal court are ready to take their places of honor in the giant cavalcade, which will tell in pageantry the history of Alameda County at the county fair on July 1, 2, 3 and 4. Pictured as the results of a popularity contest which made them the three top members of the county's "Royal Family" were announced are Princess Barbara Hachmann of Livermore, Queen Elvamae Rose of Newark, and Princess Norma Andrade of Pleasanton. Miss Rose will be crowned "Miss Alameda County" by Joseph Knowland, Oakland publisher, at coronation rates of the cavalcade tonight.

REMEMBER WHEN?

Annual Salary of Niles Postmaster $12!

Did you know that the Niles postmaster's salary was $12 a year?

That's right—twelve dollars a YEAR!

Before you start commiserating with the present postmaster, Ed Enos, however, and saying, "It's a darned shame," we'll hasten to inform you that $12 a year was the salary of the Niles postmaster way back in 1873.

Postmaster Enos has dug up some interesting facts in his quest to get a complete history of the Niles post office. That's how the above little item came to light.

The man who was getting this meager pittance was William Snyder, who was Niles' first postmaster. He became postmaster when the post office was opened in November, 1873. The office was located on Vallejo Street near the intersection with Old Niles Canyon Road. There were two mails a day.

We're not up on our history well enough to know which administration was in power when Mr. Snyder fell heir to this job with the munificent salary. But anyhow, there was a change of administration in 1890, and Mr. Snyder rode out with either the Republicans or the Democrats, and Mr. William T. Dickey rode in, likewise.

The aforesaid Dickey also seems to have persuaded the Democrats —or Republicans—to move the post office into his own building. He apparently had a store on Main Street, across from the Southern Pacific Depot, and that became the new location of the office, making it all very handy for Postmaster Dickey. (Does anybody remember him?)

Dickey then seems to have become weary of both the post office and the grocery business, and three years later, in 1893, he sold the business to John E. Briscoe. With the post office still a part of the grocery store, Mr. Briscoe naturally assumed the duties of postmaster.

In 1898, the first post master, William Snyder, had real cause for jubilation, for his party must have come back into power again, as somehow he wrested the post office away from Briscoe and moved it back to his own grocery store, known as Snyder's Grocery Store, on the south end of Main Street, and he again became postmaster. (In those days, apparently, it was the fellow who had the post office who got the most grocery trade.)

There was a change of postmasters in 1906, but the Snyders kept it all in the family, for it was Snyder's daughter, Mrs. Minnie Chalmers, who then became postmaster. At this point we're quite certain there must have been a raise in salary, for what woman is going to work for $12 a year!

Minnie was canny. The post office needed larger quarters, but she wasn't going to let it get far away from the grocery store. It was moved to the building adjoining the store. A nice deal, that.

There is no record of any change of postmasters between the time Minnie took over in 1906, and 1916 when John Bernard became postmaster. The office was moved again, closer to the center of town on Main Street. (What happened to Snyder's grocery business?)

Mr. Bernard seems to have had a long and successful career as postmaster for it wasn't until 1924 that a change was made. At that time Miss Carolyn Kell was appointed, and during her term of office the post office was moved to the MacCrae Building across the street from the Niles Theater.

Now we're getting down to modern times, and in 1932 the post office was moved to its present location, on J Street; and in 1933 H. V. Fournier was appointed postmaster.

We're moving right along, and 1937 finds Edward E. Enos receiving his first appointment, to be succeeded by his brother, Joseph L. Enos, on May 1, 1944. But apparently Joseph found the post office a trifle too hectic, and we find him bowing out in favor of his brother, Ed, who was reinstated as postmaster on November 15, 1945.

This brings us right up to date on our post office, but there are many gaps in its long history which Postmaster Enos would like to have filled in by some of you old-timers who probably have records or newspaper clippings hidden in your attics.

If so, he'd like you to trot 'em out.

SUPERVISORS ADOPT 7 MILLION BUDGET

The Alameda County Board of Supervisors this week adopted a $7,989,790 interim budget for the fiscal year 1949-50. The funds will be used to operate county services between July 1 and early fall, when tax collections will be received.

In addition the board okehed a supplementary appropriation of $1,679,821.46 for care of the county's 16,961 orphans, blind and aged, supplementing a $8,383,000 appropriation made last year.

Indigent relief, ticketed for care of the county's 5,493 destitute and indigent persons, received $240,-105.05.

The latter two appropriations were made from the county's unappropriated reserve fund.

TOWNSHIP NATIVE DIES AT AGE OF 79

Another one of the township's old-timers has gone, with the announcement this week that Miss Margaret A. Breitweiser succumbed to an illness at her home in Warm Springs.

Born in Warm Springs 79 years ago, she had lived in that community all her life.

Final rites were held from the Berge parlors in Irvington on Thursday morning with a 9 o'clock mass at St. Joseph's Church and interment in St. Joseph's Cemetery.

She was the sister of Charles Breitweiser of Seattle, Fred and John Breitweiser of Warm Springs, and the late William Breitweiser of Warm Springs.

TRAVELERS BACK FROM EUROPEAN TRIP

* * * * * * * * *

HIGHLIGHT IS AUDIENCE WITH THE POPE

An audience with the Pope while they were in Rome was probably the highlight of a European trip just recently concluded by Mr. and Mrs. William Cavanaugh and son, Billy, of Niles.

"The Pope was very gracious and kind," said Mrs. Cavanaugh. "He spoke a few words with each of the 74 people who was present. When he came to our son, Billy, who goes to the Niles school, he asked him about his schooling and seemed to be quite interested.'

Altogether, the Cavanaughs were eight weeks traveling in Europe. They flew over the Atlantic, having their dinner on the first night out in Newfoundland, where they were not permitted to explore or even leave the airport restaurant because of customs. "I lost track of my husband for a few minutes, and started to go out a door," said Mrs. Cavanaugh, "but a guard was right at my elbow, and prevented me."

They landed in Shannon, Ireland, and had their breakfast at that delightful spot. Then went on to London. It was in England where the food was scarcest, and where the people seemed to suffer most from want of any of the countries, according to Mrs. Cavanaugh. But she was enchanted by the idyllic English country scenes and the picturesque castles which they visited.

In Paris they joined a conducted tour which is "the only way to travel in Europe if you can't speak the languages."

It was also in Paris that they

Township Girl Is Queen Of Alameda County Fair

Miss Elvamae Rose, 16-year-old Newark resident, today held the title of "Queen of the 1949 Alameda County Fair," in a win over 15 other candidates for the honor.

Miss Rose, daughter of Mr. and Mrs. Clarence Rose, left Tuesday for a two-day expense free stay in Hollywood, just three hours after the Alameda County Farm Bureau's final vote tabulation revealed her as the winner with a total of 381,105 votes.

Arriving in Hollywood by Western Airlines, Miss Rose stayed at the Plaza Hotel there Wednesday and yesterday, and will return today (Friday) for impressive coronation ceremonies at the first Cavalcade" performance at 8:30 p.m. While in the southland, she toured the motion picture studios, meeting the Hollywood stars, dined at her choice of Hollywood's famous night spots, and will be the guest of honor on the "Queen for a Day" nation-wide radio program this morning (Friday). On her return she will bring with her the radio's "Queen for a Day," and the two will be guests at the Old Hearst Ranch during the July 1, 2, 3 and 4 Cavalcade dates. She was sponsored by the Eden-Washington Farm Center. J. R. Knowland, chairman, State Centennial committee, will preside at coronation ceremonies.

Miss Rose, whose excitement at being declared winner of the queen contest limited her comment to a breathless "I'm just too excited to talk . . ." did manage to confide—in an equally breathless tone—"Ooooh, I hope I meet Gregory Peck."

She was accompanied on the two-day junket by Mrs. William Ralph of Livermore, a friend of her family.

BIGGEST FAIR DRAWS CROWDS TO PLEASANTON

The Alameda County Fair is in full swing.

Boasting an array of livestock, flowers, fruits, vegetables — the best of all the good things this county lays claim to, this 1949 edition is the biggest and most impressive yet, according to the throngs who attended Wednesday and yesterday.

A record crowd is expected at the annual Horse Show, scheduled for 1 p.m. Sunday when both for 1 p.m. Sunday, July 3, when both county and "furrin" aristocrats of the equine world will compete for $5000 in cash prizes, the largest amount ever recorded for a one-day event. The show includes eight stake events, each of which offers from $750 on down to $350 in prize monies.

A cast of more than 500 beautifully costumed Alameda County residents will take part in the "Cavalcade" presentation, and tonight's attendants will see Miss Elvamae Rose, 16, of Newark, coronated "Queen of the Fair" at ceremonies presided over by Joseph R. Knowland, chairman of the State Centennials committee.

More than $13,500 in cash premiums will go to the top cattle, sheep and swine entries which have filled the fairgrounds barns to capacity, according to Manager Bergstrom.

HORSEMEN'S GROUP WINS GOLD TROPHY

The Southern Alameda County Horsemen's Association members are very proud these days. Last Thursday they rode in the night parade in Oakland and were notified a few days later that they had won a trophy for the best western group.

This gold trophy, which is about 12 inches high, is very beautiful. President William Davis says, "We won a ribbon and now this trophy. Guess we'll have to get busy and build a trophy case soon."

President Davis also says the members of the association will ride in the Alameda County Fair parade at Pleasanton at 10 o'clock Sunday morning.

On Monday, July 4, the association will take part in a large parade in San Leandro.

CONTAMINATION OF WELLS STUDIED BY CENTERVILLE C. C.

Salt contamation of the lower strata of water underlying Washington Township drew the attention of the Centerville Chamber of Commerce at its regular Wednesday luncheon this week and a committee was appointed by President Dallas Paul to investigate means of correcting the problem.

Members of the committee are L. S. Williams, Kurt Suhnel, Louis Cardoza and Judge Allen G. Norris. The group plans to meet with the driectors of the Alameda County Water District to learn if well-drilling can be controlled by the district, or if county ordinance or state legislation will be necessary.

Joe Jason stated that several improperly drilled deep wells are allowing salt water from the upper stratum of water to contaminate the lower levels and declared that if the situation is not corrected the whole underground water supply may be ruined.

The Chamber voted endorsement of an engineering study of the Reber Plan, which was urged last week by Bruce Michael, who heads a committee to work for proper investigation by competent engineers of the plan's practicability.

Support of the Niles Chamber of Commerce in its request to the Pacific Telephone and Telegraph Co. for billing of toll calls by number was also voted.

Secretary Ralph Goodwin reported that the State Division of Highways has stated that the pedestrian crossing zone for Peerless bus passengers can not be moved north to the new depot location until the county board of supervisors gives authorization.

William Clark and Secretary Goodwin were appointed by President Paul to serve as a committee to conduct a survey of Chamber membership interested in hospital insurance under the Blue Cross plan.

DECOTO GIRLS TO AID CONFERENCE

Mary and Eleanor Medina have volunteered to assist at the Decoto Child Health Conference this summer. They will help in entertaining the youngsters while mothers are busy with the conference physician.

Other older girls of the Decoto area wishing this experience may also volunteer at the conference, according to Miss Margaret Bell, public health nurse.

STORE OPENING

Today, Friday, July 1, Decoto will have a new store opening. The store, owned by Mr. and Mrs. Frank Hernandez, will be operated by their two daughters. To be known as the Decoto Clothing Store, it is located next to the theater on E and Second Street. Good luck and success.

AT ELKS PICNIC

Among those who enjoyed the Elks picnic at Linda Vista were Mr. and Mrs. E. Blair Sr. and family of San Leandro, Mr. and Mrs. E. Blair Jr. and son, Mr. and Mrs. Tony Monte and family, Mr. and Mrs. Manuel Monte and daughter, Mrs. L. J. Fine and daughters, Mr. and Mrs. Ray Cadman and family, Mr. Joe Monte, Mr. and Mrs. Monte, Frances, Barbara and Isabel Monte. Mrs. Cadman, Mrs. E. Blair Jr. and Joe Monte all received prizes.

EIGHTH ANNIVERSARY

Mr. and Mrs. Frank Scorpiniti celebrated their eighth wedding anniversary last week. Many of their relatives helped the couple celebrate and presented them with lovely gifts.

A NEW HOME

Mr. and Mrs. Frank Paniagua have moved into their new home recently. The couple have been residing with Frank's folks of 13th Street. Good luck!

LAST RITES

Last Friday Laura Fox, wife of the late Dr. David J. Fox, passed away in Decoto. Mrs. Fox was the mother of William O. and George A. Warnock; the grandmother of Mrs. Florence Parrott, Mrs. Luella Hersche, Mrs. Laura Hall and the great-grandmother of Susan May Hirche and the sister of Mrs. George J. Fish of New Jersey. She was a native of California.

ARSON ATTEMPT

The Decoto fire department has responded to eleven alarms of fire so far this month—all of a minor nature. An arson attempt was made on the home of Pancho Rezendes at 604 Fourth Street on Monday morning, about 5 o'clock. Kerosene or stove oil was poured through a ventilating screen in the basement and then ignited. The occupants discovered the fire in time to prevent serious damage. Fire and police officers are making an investigation.

FOR SUMMER SESSION

Roberta Steinhauer, granddaughter of Mr. and Mrs. Frank Azevedo of Tenth Street, entered St. Mary's School in Mission San Jose last Tuesday for the summer session. Roberta also hopes to continue there in the fall. She will be in the first grade. We'll miss you around here, Roberta.

HOUSE GUESTS

Mr. and Mrs. Zadow have been entertaining Mrs. Zadow's sister and brother-in-law, Mr. and Mrs. Thurston, for the past week.

GOOD ENTERTAINMENT

Mr. and Mrs. Alonzo Ortega enjoyed a nice ride and after visiting friends ate a delicious dinner at Banchero's. The Ortegas recently enjoyed the Cabalgata at the Geary Theater in San Francisco also. To their opinion it had to be seen twice and so they did.

SUMMER VACATION

Sally Zadow has just come home from San Jose State for the summer vacation. She will return again in the fall for her second year. Sally will leave with her folks on a vacation next week.

TO EACH HIS OWN!

To all those people supporting baseball teams other than the Marlo team, I sincerely apologize for praising and giving our team a pat on the back. You people surely wouldn't expect me to praise other teams from the other towns in my column, would you? Whether the team is good or bad, every person should be behind their own home team. But to all teams, nice work and good luck.

GOOD FISHING

Don Martin and son, Donny, Johnny Torquemada, Johnny Munoz of Decoto, and Ken Moore of Irvington, went on a fishing party boat last Saturday off the Golden Gate. The water was too rough for salmon fishing so their boat came back in and they fished from the Mission Rocks instead. Don caught an 18-pound bass.

FOR FISH AND FUN

Mr. an dMrs. S. Dias and daughter, Mr. and Mrs. Clarence George, Johnny Torquemada and Peter Sanchez motored to Adrian's Beach, near Tracy, last Sunday. Although the bass were too small, everyone enjoyed the picnic lunch. Johnny and Artie also enjoyed themselves swimming.

TOUGH LUCK

Mrs. George Fields has been recovering from a case of the mumps at her in-laws home on Eleventh Street. The whole matter would end there but Phyllis Fields, having a two weeks' vacation from her work in San Francisco, has been at home and is certain she'll soon be down with the mumps also. We certainly hope not.

AT SANTA CRUZ

Mrs. Mary una and daughter, Nettie, spent an enjoyable time at Santa Cruz for a week's vacation.

AT THE RODEO

Last Sunday, Elvie Cordoza and son, Paul, Elmer Peixotto and daughter, Sandra, and Jimmie Fine motored to San Juan Bautista to see the fiesta and rodeo which was held commemorating the 152nd anniversary of the founding of California's largest mission.

ON TRIP SOUTH

Mr. and Mrs. Joe Lewis drove to the south for a vacation, taking in sights and visiting a few of the night spots. They also visited Catalina Island. Joe is the smiling butcher who works at the Olson Grocery Store.

AT HORACE HEIDT SHOW

Mr. and Mrs. Don Martin and Mr. and Mrs. Kenneth Garcia attended the Horace Heidt show last Sunday at the Oakland Auditorium. They say the show was wonderful. After the show, they dined in a leading restaurant in Oakland.

PAINTING PARTY

Mr. and Mrs. Alfred Ferreria stayed home last week-end and did some painting in their home. Mr. and Mrs. Peter Rodriguez went over to give Al and his wife a hand.

HOSPITAL TALK

The Decoto Chamber of Commerce monthly meeting will be held next Tuesday, July 5, at 8 p.m. President Kenneth Garcia would like to see a large turnout for the meeting. There will be many important matters discussed. Among these will be discussion on the hospital for Washington Township. One of the directors of this hospital district will be at the meeting and will discuss all phases of the plan. All members and persons interested in having a hospital within the township should attend.

SWIMMING LESSON

Mr. and Mrs. Henry Hernandez and daughter, Myrtle, spent the day at Santa Cruz last Saturday where Henry instructed the ladies in a swimming lesson. They all enjoyed themselves on the beach and boardwalk and had a fish dinner on the pier.

BIRTHDAY PARTY

Mr. and Mrs. Don Martin and children attended the eighteenth birthday party of Mrs. Martin's nephew, Dickey, of Hayward, last Tuesday night.

TO SEE BULL FIGHTS

Mr. and Mrs. Joe Arribas of Decoto and Mr. and Mrs. D. Dias of Alvarado will attend the bull fights in Tia Juana during the holiday week-end.

LOWEST BID

The sealed bids for the installation of 2400 feet of eight-inch sewer mains on Seventh and Eighth Streets were opened at the office of the disposal plant on the Niles-Alvarado Road Monday. There were seven bids, and the sewer board members awarded the installation job to the lowest bidder, J. L. Nissen and Sons of Hayward, at a bid of $3,942.70. The highest bid was the Underground Construction Company of Oakland which bid $5,493.50. The work is expected to start in a few weeks.

TRAVELERS BACK

(Continued from page 1)

dined in what they termed "the most lavish restaurant of any they had ever visited—the famed "De La Tours d' Argent," the same restaurant, incidentally, in which Princess Margaret dined when she was in Paris. The specialty of the house was pressed duck.

As far as Parisian clothes, they were way out of reach, according to Mrs. Cavanaugh, who priced what she thought was an attractive little number in one of the dress shops and found it to be $300.

"That is," she added laughing, "$300 to an American. I understand,' she added, "that they 'up' the prices when they see an American."

Other countries they visited were Switzerland, where they stayed at Lake Lucerne; Italy, where the people "are still mad at Mussolini"; Holland, Belgium, and Luxembourg.

They weren't able to visit Germany because they had no military pass that would permit them to enter the country.

On the return trip they stopped off at Ireland again, where they visited Mr. Cavanaugh's relatives. "I never ate so much mutton in my life," said Mrs. Cavanaugh, "as I did in Ireland. I don't think I ever want to see—or smell—mutton again."

The Cavanaughs motored up to Oakland last night (Thursday) to meet Marcel Sullivan, also of Niles, who had made the trip with them but had extended it a few weeks. He, too, was wildly enthusiastic about the trip.

The Cavanaughs are currently entertaining their friends with the many stills and movies they took while on their trip. One reel they took for the special benefit of Messers Murphy and Berge. The reel showed a funeral in Venice, with the deceased floating down the river on a gondola, while the mourners followed in a boat.

"It was a very strange funeral,' she said. "But we saw a lot of strange—and fascinating—things on the trip. We won't forget it for a long time."

ROTARIANS AT LAFAYETTE

When good Rotarians get together—well, they have a lot of fun. So say a quartet of them who went to Joe Milino's in Lafayette recently for a "strictly stag" dinner. They were Clarence Crane, Bain Leask, Dr. Tom Wilson and Bill Helm.

"A Spectacle You Won't Forget"

NOW 3 OUT OF 4 TELEPHONE ORDERS FILLED IN A MONTH

In some fastest-growing areas the wait still is long—but we're making steady progress

1. Installers have been working fast the first half of 1949 . . . keeping up their pace of the postwar years. Here in the West, 145,000 new telephones will have gone into service in the first six months of the year. Although new orders keep pouring in, we're able to take care of them faster. Seventy-two per cent are filled within thirty days—that's practically three out of four.

2. Hundreds of miles of telephone cables have been going in at a fast clip. But these voice-highways are still bottlenecked in some places—in many of our fastest-growing areas, practically no telephones can be installed for months . . . until the lines and other facilities can catch up with the mushrooming demand. The telephone picture looks better . . . but it's not yet all we want it to be.

3. Nearly a million and a half tiny soldered connections must be made before new equipment like this can begin working in a medium-sized office. But we're hurrying all we can to make the waiting time shorter still. Your telephone needs are very real to us and we won't be satisfied until everyone . . . everywhere in the West . . . has more and better telephone service than ever before.

4. Huge sums of money have gone to work in the West to make this new equipment possible—and your own telephone more valuable. Millions must come—not from bills—but from people who put savings into the telephone business. To attract these dollars, we must pay a reasonable amount for their use . . . must sell our services at fair, adequate prices.

OVER 300 GUESTS PRESENT LAST SUNDAY AT VIERRA-LARGARTICHA NUPTIALS

By GRACE CAMINADA

At a very lovely ceremony last Sunday afternoon, Miss Eldena Vierra, daughter of Antone Vierra of Decoto Road, became the bride of Antone Largarticha of San Leandro. The double ring ceremony was performed at the Corpus Christi Church in Niles by the Rev. Timothy Hennessy.

The bride, who walked down the aisle with her father, was in a gown of white satin, styled with an off-the-shoulder effect with white net neckline. The seed pearls design on the headpiece matched the design on the gown. The hooped skirt was trimmed in lace as was the bodice of the gown. The veil was fashioned in two tiers with both the short and long lengths, both trimmed in lace.

The matron of honor, Mrs. R. Kabrich, the bride's sister, was in a pink taffeta gown with a large matching picture hat and carried pink carnations. Marcellino Hermosa, another attendant, was in blue taffeta and carried a bouquet of mixed carnations and sweet peas.

Tina Largarticha, the groom's sister, was in yellow taffeta and carried a bouquet similar to the other attendant.

Ushers were Charlie Largarticha, the groom's brother, and Jess Jardin. Richard Kabrich served as best man.

The bride's bouquet was a white orchid carried on a prayer book. Orchids were given to the groom's mother and Mrs. Louis Cambra, a cousin. Mrs. Crane was the organist for the ceremony.

A reception followed immediately after the ceremony at the Club Iberico Beneficio in San Leandro, and the couple, both in tailored matching navy blue suits, departed for the south in their 1949 car.

They will reside in San Leandro after their return from their honeymoon.

Among the 300 guests present at the ceremony were: Mr. and Mrs. Louis Cambra and daughter, Mr. and Mrs. Manuel Cambra of Hayward, Mr. and Mrs. Lloyd Cambra and children, Mr. and Mrs. W. Pessagno and daughter, of Niles, Mr. and Mrs. L. Lagario Sr. of Centerville, Mr. and Mrs. Rose, Mr. and Mrs. Jack Soito, Mr. and Mrs. Cambra (aunt and uncle of the bride), Mr. and Mrs. M. Muniz, Mr. and Mrs. Manuel Silva and daughter, and Mr. and Mrs. Rinaldo Caminada and children.

Home from Hospital

Mrs. Reginald Calhoun of Niles has returned after a week spent in Merritt Hospital recovering from an acute virus infection. She is still not allowed visitors at her home, although her friends will be glad to know that they will be able to visit her next week.

Visitors from Azores At Centerville

A very interesting house guest at the home of Mr. and Mrs. Larry Silva of Centerville is Miss Palmira Gonsalves, who is here on a visit from Fayal in the Azores. She is Mr. Gonsalves cousin and will reside with them for a while.

Miss Gonsalves is secretary in the office of Pan-American Airways and made the whole trip from Portugal by plane. The 24-year-old girl is very well educated and speaks, writes and reads English and so had no trouble in getting acquainted with her American cousins. She was amazed at the household conveniences that the American housewife has. "Everything is so easy in America," she said.

On her trip there were several stops, at New York, Boston and Texas, and when asked how she liked the large cities, replied she wasn't interested in them, only wanted to see San Francisco.

A family get-together was held at a relative's home in San Leandro so every member of the family could meet her. Miss Gonsalves flew from Santa Maria across the Atlantic Ocean to New York, then boarded another plane at New York on Friday at 1 p.m. and arrived at the San Francisco airport at 9:30 the same evening.

Brownies Picnic At Elderberry

Nine second-grade Niles girls of Mrs. Harriet Kaiser's Brownie troop enjoyed themselves immensely last Tuesday afternoon at Elderberry Park, where they picnicked and swam.

Mrs. Ralph Taylor and Mrs. Franco assisted Mrs. Kaiser. The girls enjoyed roasted weinies, salad, potato chips, punch and cokes provided by their mothers. Mrs.Kaiser gave each of the girls a swimming lesson. Brownies at the picnic were: Joann Taylor, Patsy Scott, Bobbie Kaiser, Sharon Franco, Dianne Woods, Janet Pessagno, Darlene Cahill, Sharon Rose and Susan Tuana.

Lamoreux Family at All Points of Compass

Members of the W. F. Lamoreux family will follow different points of the compass for the next few weeks. Young Larry Lamoreux, who just graduated from the Niles Grammar School, left last Monday for Scout Camp in the Sierras. His sister, Mary Lynn, a junior at Washington High, will spend her summer days commuting over to Pleasanton where she is working with Mrs. Charlotted Anderson on her horse-breeding farm.

And Mrs. Lamoreux left last Wednesday for a family reunion to be held at Spirit Lake, Iowa. She will make stop-overs at Spokane and Missoula enroute, returning home in about three weeks. Dr. Lamoreux, on the other hand, will keep the home fires burning as he is too busy with his work at Kimber's at this time to make any trips.

Engagement Announced

Juanita Alonzo and Jack Kabrich are among the engaged set now, but no wedding date has been set. Juanita is the daughter of Mr. and Mrs. Ned Alonzo of Main Street, Centerville, and Jack is the son of Mrs. Antone Bettencourt, also of Centerville. Jack is a Technical Sergeant and supply officer at the Army Air Base in Alameda.

Accompanied by his brother, Theron, he recently returned from a visit to Florida, driving down and back. They remained there three weeks vacationing with relatives and friends.

Miss Alonzo is employed at the James Graham Company.

Up at Hoberg's

Among the localites who either flew or motored up to Hoberg's last week-end for a get-together of bay area flyers were Dr. and Mrs. Tom Wilson, Edna and John Berchem, Ray and Ella Jolliff, Mr. and Mrs. Max Stevenson, and Everett Mendenhall.

Birthday Party for Ronald Cardoza

Ronald Cardoza, son of the Louis Cardozas of Oak Street, celebrated his seventh birthday on Wednesday, June 22, with a garden party held at his home.

Games were played and prizes were awarded the winners. A lovely birthday cake, elaborately decorated, was served along with ice cream and soda pop, to the delight of the youngsters. There were favors at each place, consisting of candy in colored cellophane wrapping with a little car attached to each little package.

The little guests were: Jeff Logan, Bobbie Mendonca, Alwyn Silva, Stanley Silva, Gene Ramsel Jr., Joan Fragus, all of Centerville; Raymond and Duane Datilini of San Leandro, and we musn't forget Ronnie's little brother, Donnie Lee. Mickey and Billie Nordvik were invited but were unable to attend.

Ronald received many lovely gifts.

Return from Kansas

Mrs. R. O. Grace, Mrs. Wright and Miss Marilyn Abacherli returned Monday evening from Hutchinson, Kansas, where they vacationed and visited relatives. En route they visited the Mormon Temple in Salt Lake City and the Carlsbad Caverns. They spent one night where they particularly enjoyed a sunset and sunrise the next morning over the beautiful Grand Canyon.

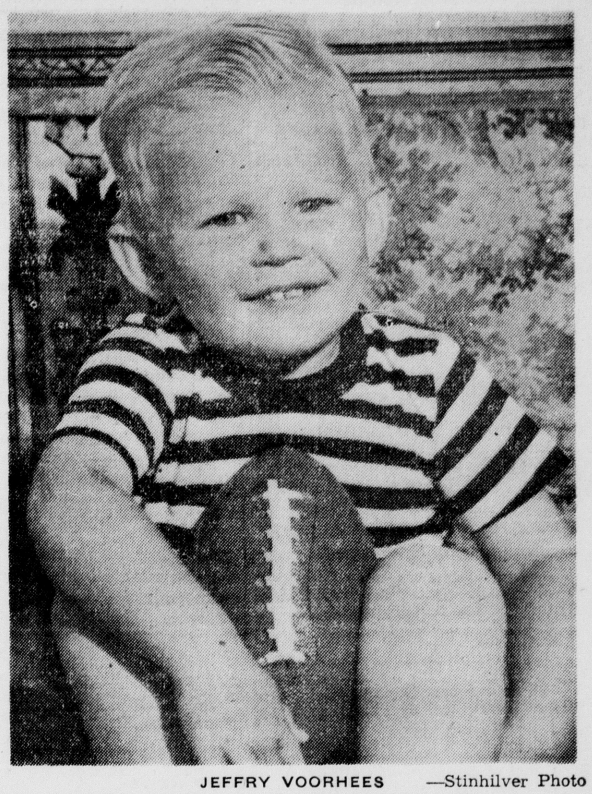
In Stockton

Miss Emily Jane Scott of Newark is spending part of her vacation from school this summer with her aunt and uncle, Mr. and Mrs. Harry Webb, in Stockton.

To Santa Cruz

Four Niles girls—Kathy Viveiros, Cora Perez, Dianne Avakian and Edna Lewis—will spend the week-end of the Fourth in Santa Cruz.

THE YOUNGER SET



JEFFRY VOORHEES —Stinhilver Photo

What could be a more appropriate toy for 26-months-old Jeffry Voorhees than a football? For, after all, his daddy, Clyde Voorhees, not only played football for four years at San Jose State—later doing graduate work at Stanford—but is now the football coach at Washington High School in Centerville. And, "like father, like son," young Jeffry will undoubtedly be a football star in about 15 years from now.

When he isn't playing with his football, Jeffry is drinking water out of the gold-fish bowl, or turning on the sprinklers on the lawn and thereby practically drowning himself, or performing other like deeds that can only be thought up by a two-year-old.

The rest of the time he plays in the back yard on the slides and swings with his five-year-old sister, Jill.

Jeffry has the distinction of being the fourth generation of his family to be baptized at the Indian baptismal fount at the Mission San Jose Church.

His grandparents are Mr. and Mrs. Matt Whitfield of Centerville, and Mr. and Mrs. Clyde Voorhees Sr. of Hayward.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

VACATION IN SAN JOSE

Little Sharon Phillips, daughter of Mr. and Mrs. Manuel Phillips, is vacationing in San Jose with Mr. and Mrs. John Vargas, friends of the family.

IN PALO ALTO

Beverly and Ronnie Chambers, daughter and son of Edward and Mrs. Chambers, are spending several weeks in Palo Alto with grandmother Buckingham. Bev is working while over there.

NICE WORK!

Mission Men's Social Club has presented an historic plaque to the old Mission San Jose de Guadalupe. First the memorial monument to our war dead, then the flag pole, and now this plaque. And don't forget, they were instrumental in getting our 35 mile an hour signs moved a bit further out of town so people would at least get a fleeting glimpse of our cozy little old town before they were completely through it.

GOOD NEWS

Friends of the Lofton familly are very glad to hear the daughter, Iris, is home from the hospital feeling some better. Last week she was stricken with what was believed to be polio, but all tests proved it was not, so she was released from the Highland Hospital today. She will be confined to her bed for a time but will be much improved with time.

TO MISSISSIPPI

Mr. and Mrs. Hardy Burt and daughter motored to Mississippi a week or so ago to visit all his relatives. It was a nice trip but such a long one that the family were tired upon arrival home.

TOO BAD

Bad news comes from Cool, Cay., for Art and Molly Steele, who owned a saw mill there. It burned to the ground a few weeks ago. Now Molly and son, Douglas, are here with the folks, Mr. and Mrs. Joseph Santos, until other arrangements are made.

HOUSE GUESTS

Danny Silva, accompanied by Mrs. Rose Recends, motored to Sacramento over the week-end where they were house guests of the Santos family, sister of Rose.

ANNUAL VACATION

Mrs. Walter Kane Scott, the former Florence Aust, and her three sons, are home with Paul and mother Aust for their annual vacation. They are residents of Seattle, Washington.

AT IDAHO

Edwin McNemar and son, Junior, are spending a much earned vacation in Couer de Alene, Idaho, with his sister and family, Mrs. Maude Tallent. They are getting quite uppety and I do mean uppety for they flew to Spokane, Washington, where Mrs. Tallent met them and took them home by car.

LITTLE BROTHER

Now Kathlene Mendonca has a little brother. Born at the Alameda Hospital on Monday morning to Mr. and Mrs. Raymond Mendonca was a 9 pound boy named James Ray (not Raymond). They formerly lived here in the Mission but now have a chicken ranch at Irvington but we claim them as our folks yet.

BUSY PLACE

Linda Vista Park has been a very busy place every Saturday and Sunday since April 1, and last Saturday the Carpenter's Union No. 1622, had their annual picnic. It was a lively affair. Every holiday is also filled for the year, according to Andy Hynes, owner of the park until late October.

IT'S A GIRL!

Gee whiz! Where is that boy which Charles Neeley was building such hopes on. Guess he is just going to have all girls around him as on June 22 Mr. and Mrs. Richard Neeley acquired another daughter at the Alameda Hospital. They have named her Rita Faye and she weighed 8 pounds, and 7½ ounces.

SORRY

We were a bit surprised and a lot put out when we learned that we were losing several more of our boys and girls from school next year as through no wish of their own they had to move to Valle Vista. I am speaking of the Thorval Johnson family and a very nice one at that. Mr. and Mrs. Johnson will run the Tony Freitas Garage there.

AT GLENWOOD

St. Mary's Camp in the Santa Cruz mountains at Glenwood has opened for the summer session and many of the girls are enjoying the grand mountain air. Miss Cecelia Schneider, daughter of Mr. and Mrs. Alis Schneider of the Mission, is the life guard for the season. Cecelia has been studying in San Jose for some time in preparation for this summer job.

IN THE NAVY

Our own "Weezer" Fernandez has joined Uncle Sam's Navy and will soon be in uniform and in training at San Diego. He is a twin son of Mrs. Josephine Chambers. The outher twin, "Nonie," is studying at San Jose State to be a sports coach, and sister Jerry is learning nursing at St. Mary's Hospital in San Francisco.

LEGAL NOTICE

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN that the Board of Trustees of Newark School District of Alameda County hereby calls for sealed proposals to be delivered to the Clerk of said Board at the office of said Board in the Newark School Building, Cherry Road and Dairy Avenue, Newark, California, until Monday, the 11th day of July, 1949, at 8:00 o'clock P.M., at which time and place said bids will be opened for the furnishing of all labor, materials, equipment, mechanical workmanship, transportation and services required for the installation and completion of a rain water drainage system, concrete driveway and concrete walks, on the grounds of the Newark School located at the East corner of Cherry Road and Dairy Avenue, Newark, California, for the Newark School District of Alameda County.

These bids shall be presented in accordance with plans and specifications for said work prepared by Geo. E. Ellinger, 1801 Casterline Road, Oakland, California, Architect, which are on file at the said office of the said Board of Trustees located as above mentioned.

On deposit of Fifteen Dollars ($15.00) said plans and specifications may be had by any prospective bidder for the work above mentioned on application to the Clerk of the Board of Trustees hereinabove mentioned or to the architect, and in each case shall be returned at the time the bids are submitted.

If the plans and specifications are not returned to the office of said Architect within the time above specified or are returned in a mutilated or damaged condition, the said deposit will be retained by said Newark School District as agreed and liquidated damages for said mutilation or detention.

Bids must be made on bid forms obtained at the said office of the Board of Trustees and must be signed by the bidder and accompanied by a bid bond in the form procured from said office, duly executed by the bidder as principal and a corporation authorized to do business in the State of California as surety naming the Newark School District of Alameda County as obligee, or by a cashier's check or certified check, certified without qualification, drawn on a solvent bank of the State of California or on a national bank doing business in the State of California, in the amount One Thousand Dollars ($1,000.00), and made payable to the Newark School District of Alameda County. Should the party or parties to whom the contract should be awarded fail to enter into the contract after the award and to file the required bonds the proceeds of said certified or cashier's check or the amount paid by the bidder or his surety pursuant to the terms of said bid bond either voluntarily or pursuant to the judgment rendered by the court in any action brought thereon will be retained by said Newark School District as agreed and liquidated damages.

The contractor and all subcontractors under him must pay all laborers, workmen and mechanics on said work, or any part thereof, not less than the general prevailing rate of per diem wages and not less than the general prevailing rate of per diem wages for legal holiday and overtime work, for work of a similar character in the locality in which the work is performed, to wit: Newark School District of Alameda County, which per diem wages shall not be less than the stipulated rates contained in a schedule thereof which has been ascertained and determined by said Board of Trustees and which is now on file in the office of said Board of Trustees and by reference incorporated and specified herein and made a part hereof, and which said general prevailing rate of per diem wages as hereinabove referred to and adopted for each craft or type of workman or mechanic needed to execute this contract, is herein specified as follows:

NILES YOUTH IS BOYS' STATE OFFICER

Donald Pine, son of Mr. and Mrs. William J. Pine of Niles and a student of the Washington Union High School, has been elected tax collector at the twelfth annual encampment of Boys' State, held at the California State Fair Grounds in Sacramento.

This program was started 12 years ago by the American Legion, which realized that there was need to help youths to learn the fundamentals of good government. Its purpose also is to perpetuate this nation's democratic principles and keep alive the spirit of a free nation.

Pythons and cobras are particularly reverenced by members of the African Masai tribe.

ADAMS FAMILY IN HOSPITAL

The Joe Adams family of Centerville will remember June 1949 for a long, long time. It seems that it all couldn't have happened—but it did.

First, Mr. Adams became ill and was taken to Alameda Hospital.

Then, in San Jose Hospital, a son was born last Thursday to Mrs. Beverly Brainard, their daughter.

And on Sunday, when Mrs. Adams was leaving the hospital after visiting her daughter and first grandchild, she was struck by a car, suffering a broken leg, and taken back to the hospital.

All three of the Adamses were in the hospital at the same time.

Mr. and Mrs. Adams are reported recovering rapidly.

Mrs. Bainard has returned home to Moss Beach with her infant son, who has been named John.

YOUTH FELLOWSHIP

The Youth Fellowship held its third meeting at the Newark Presbyterian Church last Sunday with 18 present. It meets every Sunday evening at 7 o'clock, and all young people of the community are welcome to attend.

Say you saw it in The Register.

VISITOR HERE DIES OF HEART ATTACK

A trip to California by Frank Dammann from Parkland, Wash., to witness the graduation ceremonies of his two nieces, Marjorie and Barbara Cotton, ended in his death this week at the home of his sister, Mrs. Arthur Cotton of Newark. He succumbed to a heart attack.

Final rites are being held this week at Tacoma, Wash. Arrangements locally were made by the Berge Mortuary.

There's Efficiency in Government Here

This week the final plea of the Washington Township Hospital District for a grant of state and federal funds to pay two-thirds of the cost of constructing a 50-bed hospital here was sent to the State Department of Public Health.

The long story, from the first suggestion of a local hospital to the present request for government funds, has been carried in our news columns over a period of years. A great deal of work has been done by many people to bring the hospital program to its present status.

And much more work remains to be done. It is still a matter of uncertainty whether or not the funds asked for will be allocated this year. But we are positive that Washington Township's efforts toward getting a hospital ultimately will be rewarded.

We can say this confidently because we have watched the work of the board of directors of the district. Directors Whitaker, Walton, Alameda, Silva and Melhase have been doing a first-class job. And they have been given excellent cooperation by a number of interested individuals and by local doctors.

The request for funds, made personally last month by the board at a hearing with the State Department of Public Health, drew the compliment from state officials as being the "finest presentation" of arguments for a hospital heard to date by the department.

Characterized from the start by careful efficiency, sound judgment and hard work, the Washington Township Hospital District board of directors merits the highest public confidence.

EFFORT STARTED TO CONTINUE TOWNSHIP CHEST

An effort of Washington Township citizens interested in continuation of the Community Chest is under way this week with the Township Girl Scout Adult Leaders spearheading the move by urging residents to support the annual campaign drive and vote against its abandonment.

Civic leaders and area residents are being contacted by mail and telephone by the Girl Scouters in the hope Washington Township will pledge concerted efforts to maintain active support of the Community Chest.

A public opinion poll is to be distributed through postcards in an effort to determine whether residents wish to continue the Community Chest or abandon it in favor of individual fund raising campaigns to maintain agencies in the township. Girl Scout and Boy Scout activities received financial support through the annual Chest campaigns.

Mrs. W. F. Lamoreux, chairman of the Washington Township Girl Scout Leaders' Association, in urging support of the Community Chest, stressed that "continuation of Girl Scouting hinges upon community support of the Chest. Without the financial support received through chest funds, we feel Girl Scouting activities will be seriously curtailed throughout the township."

Fred Duffie of Niles, a member of the southern district Boy Scout executive committee and camping activities chairman, in listing the advantages of a fund-raising drive through Community Chest said: "Prior to the time Washington Township established a Community Chest, residents were contacted over and over again for contributions to individual agencies in need of funds; personal contacts were relied upon to raise money for Boy Scout operations. Today more than 85 Boy Scouts and 75 Cub Scouts receive community support through local Community Chest contributions."

Judge Allen G. Norris, Community Chest vice-president, said, "Personally, I am in favor of the continuance of the Community Chest. It is a concerted fund raising activity which supports local Girl Scout and Boy Scout program and expansion and other welfare organizations."

Warren Gravestock of Centerville, community leader and retiring Rotary Club president, said: "Continuation of the Community Chest provides the most efficient means of obtaining funds to benefit all participating agencies. For the interest of the community at large, it would be far easier to conduct one all-inclusive fund raising event than to conduct many individual drives.'

The Hayward Area Girl Scout Council, of which the Washington Township is a part, pledged its full cooperation to the District Leaders' Association in its efforts to urge continuation of the Community Chest.

Thinking Things Over...

By VIVIAN BATMAN

There are times when you will, perforce, have to ride on a bus.

There are a few important rules to observe which I have compiled for you herewith, to make your bus trip, if not a happy one, at least an interesting one.

Rule No. 1:

Don't ever wait your turn in line. This is a foolish custom that will lead nowhere except, perhaps, to "standing-room-only" when you do get aboard.

Don't be a coward! Nudge ahead of people! Always make it a policy to be the first one aboard, even at the expense of stepping on the toes of a few old ladies and knocking over several little children. At least you'll be assured of a seat all by yourself as your fellow travelers wouldn't touch you with a ten-foot pole.

Rule No. 2:

Now that you're on, it's time for a cozy little tete-a-tete with the bus driver. Be friendly. Ask him all sorts of leading questions such as: where is he going, how much is the fare, and you didn't get a ticket at the bus station and will he sell you one.

Tell him to be sure to let you off at your Cousin Cynthia's, who lives in a cute little house with yellow shutters, somewhere near a gas station that has a red sign in front of it.

You can prolong this intriguing little chat with the driver by pulling out a $20 bill with which to buy your ticket. Don't worry too much if an apoplectic hue comes into his cheeks at this point. This is quite common with bus drivers, and it is nothing to cause alarm. (I should advise, however, that you arrange your schedule so that you take a different bus next time.)

Rule No. 3:

Ah, now we come to the window.

If it is open, try to shut it. If it is closed, try to open it. You will not be successful in either attempt, as I have long ago discovered that windows on buses can be neither opened nor closed. But don't give up immediately, as you can cause a nice little diversion in the bus by enlisting the services of all the available men in your immediate vicinity.

First, complain loud and long about the stuffiness of the bus, or about the cold wind blowing in, depending on whether the window is open or closed. If you are under thirty, with mascaraed eyelashes and a neat figure, the men will immediately respond to your call.

If you are over thirty, you will probably have to struggle with the window by yourself for a while, until no man who calls himself a gentleman can any longer ignore you.

Rule No. 4:

Well, at last, you are settled. Now start strewing your belongings all over the seat, so that you can forestall that evil moment when you will have to share your seat with someone.

This can be postponed almost indefinitely by turning your head or feigning sleep when a seat-searching passenger comes through the bus.

Finally, however, you can hold out no longer. Someone will eventually say, "May I sit here?"

Adopt an air of reproach and injured dignity when this situation arises. Sigh deeply as you gather up your belongings, and pull your clothing about you as if the intruder were an untouchable. This will make him very uncomfortable and he will change seats at the first opportunity.

Rule No. 5:

Always let the driver get warmed-up, so to speak, for your stop. Never let him make it the first time. Buzz the buzzer; wait till the driver comes to a full stop; elbow your way through the crowds in the aisle; keep the driver waiting until you produce your ticket from somewhere in the maelstrom of your purse; then look about you with wonder and amazement on your face and say naively, "Why, this isn't where I wanted to get off! You've made a mistake, driver. It must be the NEXT gas station with the red sign."

Rule No. 6:

Rule No. 6 only repeats a warning issued in Rule No. 2: Never ride with the same bus driver twice, if you have followed any of these rules.

NILES SPORTSMEN TO ENTER PARADE

The Niles Sportsmen's Club comic float, which took first prize in the Livermore Rodeo parade, will be entered in the Alameda County Fair parade Sunday, July 3. Jimmy Damas has charge of the float.

Thirty-five members attended a barbecue and meeting at Ken Ferry's on Tuesday, at which plans were begun for another prize shoot to be held July 24 at the club's range. Clarence Pine will be chairman of the event. Frank De Salles, chairman of the last shoot, gave a report on its success.

Three new members were proposed at Tuesday's meeting, which was conducted by Vice-President Reginald Calhoun. They are: William Estudillo, N. L. Tonelli and James Fordred.

THE NEW MILLION DOLLAR TRAIN..... ..WITH THE MILLION DOLLAR VIEW
Shasta Daylight
SAN FRANCISCO • OAKLAND • BERKELEY TO PORTLAND...$12 PLUS TAX

STARTING JULY 10. Southern Pacific's brilliant new streamliner *Shasta Daylight* makes its "maiden voyage" to Portland on Sunday, July 10. And daily thereafter.

Leaving in the morning, it arrives in Portland that evening—by far the fastest running time in history to Portland.

Meanwhile our popular S. P. *Daylight* bargain fares have been extended to Portland, giving you a fast luxury train at new low fare. $12, San Francisco-Oakland-Berkeley-Portland! Low fares from other points too.

Through big "Skyview Picture Windows" of this dramatic red-and-orange dayliner you'll really see the wonders of Shasta Route... 14,161-foot Mt. Shasta, Lassen Peak volcano, Shasta Dam's Lake, Pit River Bridge, Sacramento River Canyon, Odell Lake, Cascade Mountains, Willamette River... all by day!

On the *Shasta Daylight*, like our *California Daylights*, there's a seat reserved for you without charge (for each child, too). It's foam-rubber, reclining, dreamy.

You'll enjoy other *Shasta Daylight* features: "windowpanes that breathe" for clear vision, our famous S.P. baggage elevators, zone-controlled no-draft ventilation, "feather-touch" doors that obey the whim of your finger... and beautiful colors of this train inspired by the route it serves.

Each *Shasta Daylight* (diesel-electric) has 9 chair cars, diner, coffee shop (always open), tavern car, and parlor-observation. Built for us by Pullman-Standard Car Mfg. Co. Nearly $5,000,000 spent to give you a new, fast, scenic, bargain way to travel on the Pacific Coast!

S. P. ORDERS BIG DIESEL ENGINES

Southern Pacific announced this week that orders have been placed for 67 diesel locomotives of various types, at a cost of more than $23,000,000, in furtherance of its extensive improvement program.

In making the announcement, A. T. Mercier, president of the railroad, said the new orders will raise to approximately $241,000,000 the company's postwar expenditures for new rolling stock, nearly $90,000,000 being for 263 diesel locomotives.

THE LAW'S DELAY

People who complain about the sluggishness of a court appeal in modern judicial practice should cast a nonenvious eye back to the feudal concept of justice.

In order to appeal the judgment of a court in those days, a litigant would have to challenge all the judges to combat. If he defeated them in one day, the judgment was reversed. If he failed, he was hanged at sundown.

FROM SEBASTOPOL

Mrs. Marian Caeton of Sebastopol spent a week at the home of her sister, Mrs. William Furtado Jr. on the Centerville-Niles Road. Her husband, Mr. Manuel Caeton and daughter, Jean, drove down on Monday to take her home with them. They also visited at the Richard Mendonca residence on Monday before returning to their home in Sebastopol.

CELEBRATES BIRTHDAY

Little Carol Bettencourt, daughter of Serafine Bettencourt of the Centerville-Niles Road, celebrated her sixth birthday on Sunday afternoon at her home. There to help her celebrate were: Mr. and Mrs. Tony Estacio and son, Anthony, of Irvington; Mr. and Mrs. Joseph Estacio and three children of Hayward; and her grandmothers, Mrs. Estacio of Warm Springs and Mrs. Serafine Bettencourt of Centerville. Also present were: Al, Ed, Alberta and Albert Estacio of Warm Springs, Rosemarie and Marie Bernard of Los Banos, Mr. and Mrs. Laurence Estacio of Agnew, Mr. and Mrs. George Rodrigues and Barbara Ann of Centerville; Evelyn Santana of Irvington, and Sharon Harp of San Francisco.

Carol received many lovely gifts to delight the heart of a six year old. Cake and ice cream were served and everyone had a great time.

RENO WEDDING

It was a Reno wedding for Ernest Andrade, son of the Henry Andrades of Alvarado, and Miss Carol Perry of Niles, on June 17. Mr. and Mrs. Norman Andrade were matron of honor and best man. A reception, in honor of the newlyweds, was held at the home of the groom's parents. Approximately 50 guests were present. Both are graduates of the Washington High School. They are residing at present at the home of the groom's parents.

BRIDGE CLUB

The monthly meeting of the bridge club was held Tuesday evening at the home of Mrs. Jack MacGregor of Mt. Vernon Avenue. Those present were Mrs. Harriet Thornburg, Mrs. Val Bailey, Mrs. Peggy Voorhees, Mrs. Helen Moore, Mrs. Lois Gravestock, Mrs. Berta Hirsch and Mrs. Marie Logan.

BRIDAY SHOWER

Miss Mary Dias was honored at a bridal shower given her by Mrs. Warren Gravestock and Mrs. A. P. Rose at the Gravestock residence. The kitchen shower was held on Wednesday and luncheon was served. Those who were invited were: Mrs. Annie Thomas, Mrs. M. A. Rose, Mrs. Mary George, Mrs. Homer Swift, Mrs. Ida Rogers, Mrs. Mary Rodrigues, Mrs. Anita Stubinger, Miss Vivian Rose, Mrs. Lyda Santos, Mrs. Isabel Martin, Mrs. George Rogers and Mrs. Jack DeLuce.

HOME FROM HOSPITAL

Reverend Arthur Freeman of the St. James Church has been hospitalized for approximately a week, but returned to his home Wednesday. He is doing very nicely, his condition being very much improved.

NEW NEIGHBORS

New neighbors on Pine Street are: Mr. and Mrs. Tom N. Mooters and children and Mr. and Mrs. D. Switzer and children, who have recently moved into their respective residences.

SURPRISE PARTY

A surprise party was given for Diane Ferraris and Edward Souza at the Bank of America on Saturday afternoon by her fellow workers. Miss Ferraris has relinquished her position at the bank to be wed to Mr. Sousa on July 24. They were presented with a lovely white blanket. Ice cream and cake were served.

POTATO SUPPORT PROGRAM GIVEN

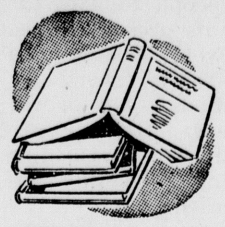
In order to come under the Potato Price Control Program, growers must plant within an acreage allotment, pay a nominal fee and sign an application of eligibility. Information on these requirements was released this week by the Alameda County Agricultural Conservation Association.

Final date for signing applications is July 15, it is announced. The association's office is at 170 Castro Street, Hayward.

CLOSING EXERCISES AT CENTERVILLE

Tonight, Friday, at the Centerville Presbyterian Church, closing exercises for the summer vacation church school will be held for the purpose of giving parents and friends of the children who have participated the opportunity of viewing the handwork and crafts of the students.

Everyone is invited. The time is 7:30.



At the LIBRARY

Summertime and active sports seem synonymous to some. For others watching other people exercise is much more fun. Skeet shooting is a comparatively new sport, but the war experience of many men trained in gunnery has stimulated interest. "Skeet and How to Shoot It" is by Bob Nichols, a Field and Stream skeet expert. Of vital importance to the skeet shooter who wants to excel is correct foot and leg work—good balance is of the essence. He says it's easy—if you start right. Reading the book alone won't do it, but reading plus plenty of practice should carry you well on the road to class A.

Bowling is a sport which attracts thousands—for all I know millions of fans. It does not require too much training, and lots of people find relaxation and enjoyment in bowling a few strings. Ned Day, called one of the three greatest bowlers of all time, has prepared in "How to Bowl" a system of instruction which has taught thousands how to bowl or how to improve their game. You may be the local champ, but you may have "too many splits." If so, he has the answer. There is also a section on women bowlers. Most of the general instruction is applicable to both sexes, but there are certain special tips for you women bowlers who aspire to championship caliber.

For the more relaxed sports fan—though I've seen some pretty rabid baseball rooters—we recommend "The Cleveland Indians" by Franklin Lewis. It starts back in 1869 when the Forest Citys played the Cincinnati Red Stockings. "Whitey" Lewis has been associated with the Indians for a long time as a sports writer and radio sportscaster. In writing this book he talked to many of the famous ball players of the past and present. This is the latest in the series about major league baseball teams including the Yankees, Red Sox, Dodgers and Tigers.

Although this is not the football season, football history will always interest the sports admirers. Tim Cohane, sports editor of Look, wrote "Gridiron Grenadiers" which is the epic tale of Army football from 1880 to the present. Many of the colorful great players are recaptured here in their unforgettable human drama.

Sport fishing has been excellent recently in the Huntington Beach and Dana Points areas of Orange County. Anglers have been bringing in good daily catches of both barracuda and sea bass.

ABANDONED WELLS BIG PROBLEM, SAYS COMMITTEE

Abandoned wells are a major menace to the underground water resources of the state as well as hazards to life and limb, the Assembly Interim Fact Finding Committee on Water Polution declared in its recent report to the state degislature.

The committee, headed by Assemblyman Randal F. Dickey of Alameda, said the problem of locating such wells and properly capping or sealing them is one of the most difficult which it encountered in its two years of investigation of water pollution problems in California.

Illustrating the difficulty of dealing with the problem, the committee states: "Most of the wells are now owned by persons who did not construct them. Most often the present owner of the property either does not know of their existence or, if he does, he cannot afford to plug them properly.

"It must be emphasized," the committee went on in its report, "that mere capping of a well to prevent physical injury is a simple matter compared with the expensive procedure of plugging an entire shaft with clay or other materials to prevent flow of water from one stratum to another or to exclude surface waters.

"As an illustration of this problem, there is the instance of the Livermore Valley where a number of oil or gas wells which were abandoned prior to the present efficient state control of such operations are now flowing highly polluted water (boron) into the local fresh water supply."

The committee advocated a thorough study of the problem by the State Division of Water Resources as a prelude to recommendations to the Legislature for methods of dealing with the problem adequately and equitably.
